

## GENERAL INFORMATION

# Leoni Meadows Honors Science Camp

## General Description

This summer we have an exciting new program for exceptional students interested in exploring college-level science classes as well as health related careers. Professors from Pacific Union College will teach an advanced science course for one hour of college credit. Loma Linda University will present workshops with representatives from the schools of Allied Health, Dentistry, Medicine, Nursing, Pharmacy, Public Health, Religion, and Science & Technology. These programs will give you “the big picture” on health care professions and how to best prepare for your future. On top of all this you’ll enjoy a fun week of camp activities and worship programs designed just for your group. Apply early – space is limited to 30 of the highest qualified applicants.

## PUC Science Class Description

### *Biological Inquiry*

Students will study and investigate several key principles of life. Students will learn specific details about living organisms and conduct basic tests to answer questions of their own design. Science as a way of knowing, critical thinking, and analysis will be emphasized.
